Job Description for Lead Service Technician

Denver Spring & Suspension, Inc., offers service, repair, installation, products, & expertise in the spring & suspension business. We have been a family owned and operated business for more than 80 years. We take great pride in our work as well as the knowledge and expertise that we bring to each and every customer that we do business with. We are committed to maintaining the highest standard of expertise with the spring & suspension industry. We are seen as an industry leader by our customers and competition, and we continue to strive for greatness with the work that we perform every day.

The team members at *Denver Spring & Suspension, Inc.* are our most valued resource. We are committed to quality and integrity. Maintaining top quality in both parts and service is essential to our brand. Integrity to our customers, to our team members, and to our trade is what we stand for. The *Service Technicians* on our team are the lifeblood of our business. We ask our technicians to have a commitment to safety, customer service, and hands on experience within the spring and suspension field.

We have an immediate positions for *Lead Service Technician*. This position requires extensive knowledge with trailer suspensions, front end alignment, tag axles, leaf springs, brakes, and suspension systems in mid-to-heavy trucking application. Our *Lead Service Technician* must possess a minimum of 5 years' experience in the above mentioned areas. All *Service Technicians* are required to possess their ASE Certification. You will be responsible for leading, training, organizing, and scheduling all of our *Service Technicians*, as well as the coaching and writing reports on all *Service Technicians*. Our *Lead Service Technician* will report directly to the Chief Operations Officer, providing daily reports of all vehicles and schedules. They will be responsible for the planning and direction of this business. You must provide a valid driver's license with a CDL Class A endorsement. We require our *Service Technician* to supply their own tools. All applicants must pass a pre-employment drug screen.

Simply stated, the *Lead Service Technician's* job is to diligently work on each vehicle efficiently and effectively while fulfilling all shop policies concerning safety for the customer's vehicle, all employees of *Denver Spring & Suspension, Inc.*, and their customers while on the premises.

To demonstrate our commitment to our team members, we offer:

- Competitive wages and consistent pay - hourly rate, not flat rate.
- Endless career advancement opportunity
- Company paid training
- Comprehensive benefits package -paid holidays, paid vacation, & medical.
- Retirement package
