Job Description for Service Technician

Denver Spring & Suspension, Inc., offers service, repair, installation, products, & expertise in the spring & suspension business. We have been a family owned and operated business for more than 80 years. We take great pride in our work as well as the knowledge and expertise that we bring to each and every customer that we do business with. We are committed to maintaining the highest standard of expertise with the spring & suspension industry. We are seen as an industry leader by our customers and competition, and we continue to strive for greatness with the work that we perform every day.

The team members at *Denver Spring & Suspension, Inc.* are our most valued resource. We are committed to quality and integrity. Maintaining top quality in both parts and service is essential to our brand. Integrity to our customers, to our team members, and to our trade is what we stand for. The *Service Technicians* on our team are the lifeblood of our business. We ask our *Service Technicians* to have a commitment to safety, customer service, and hands on experience within the spring and suspension field. If your commitments align with ours, then apply today!

We have an immediate positions for a *Service Technician*. We are willing to cross-train experienced automotive technicians that are familiar with trailer suspensions, front end alignment, tag axles, leaf springs, brakes, and suspension systems, as long as you have a willingness to learn the mid-to-heavy trucking application for each of the above listed categories. Preferably, our *Service Technicians* must possess a minimum of 1 year experience in the above mentioned areas. We require all *Service Technicians* to be ASE Certified. All *Service Technicians* must provide a valid driver's license, preferably with a CDL Class A endorsement (not required). We require our *Service Technicians* to supply their own tools. All applicants must pass a pre-employment drug screen.

Simply stated, the *Service Technician's* job is to diligently work on each vehicle efficiently and effectively while fulfilling all shop policies concerning safety for the customer's vehicle, all team members of *Denver Spring & Suspension, Inc.*, and their customers while on the premises.

To demonstrate our commitment to our team members, we offer:

- Competitive wages and consistent pay - hourly rate, not flat rate.
- Endless career advancement opportunity
- Company paid training
- Comprehensive benefits package -paid holidays, paid vacation, & medical.
- Retirement package
